Placement Brochure

Extending a warm Welcome!

Evolving a brand-name takes years of nurturing, hard work and passion. IIIT Lucknow, which started its journey in 2015, has brought in the culture of innovation among its students. These students have received training that is 'deep in depth', yet 'wide in breadth'. Such training has molded them into better qualified professionals. At the Indian Institute of Information Technology Lucknow, we are committed to playing a key role in creating an ambience for the creation of new ideas, knowledge and graduates who will be tech-leaders of tomorrow. We are convinced that in order to make significant contributions to the development of the country and to the improvement in quality of life of its citizens, we will need to pursue a strategy that fosters creativity, supports interdisciplinary research and education. This will provide the students with an understanding and appreciation not only of the process of knowledge creation, but also of the process by which technology and knowledge may be used to create wealth as well as achieve social and economic goals. Therefore, I am quite confident that our students shall perform the best on any platform and do justice to the trust placed on them.

STUDENT LIFE

Since inception , IIIT Lucknow has nurtured the vision to evolve as an institution that strives to build a platform for aspiring engineers to be future leaders with the right mix of academics and extracurricular activities.

If one word can describe life at IIIT-L, it would be dynamic. To keep the recreational levels up , the students at IIIT-L actively participate in all sorts of events. We strongly believe in overall development of the body as well as the soul, and all resources of the college are used to ensure the same. The dominant factor is that students play an indispensable part in organizing as well as participating in events and all major events are organized, handled and coordinated entirely by a student body.

STUDENT LIFE

The literary society of IIIT Lucknow substantiatesit that events like debate, Just A Minute, Group Discussion, Creative Writing Competition are organized on a regular basis so as to escalate the communication skills of all the students out here. The music society, Dramatics Society and Dance society are also active in organizing various events of student's interest. All these gather huge participation and ensure to inculcate among the participants the significance of synchronized effort to metamorphose it into victory.

Sports occupies the pride of place in the extracurricular activities and the sport club is actively engaged in organizing inter college and intra college events. The participation in the activities has seen a great exaltation since past years. From cricket to basketball, athletics to yoga students can involve themselves and be a part in the way they choose. All - Sports occupies the pride of place prolific initiatives are welcomed and encouraged by the society.

SEMINARS & WORKSHOPS

The institute realizes the importance of the growth of its students in the various aspects of the fierce competition existing in the society. To fulfill the requirements and to nurture the knowledge of students various workshops on several technological aspects like Web development, Application development, Cyber Security, Image processing, Internet Of Things, Web Designing, Cloud computation and what not are organized on a regular basis, from time to time to enhance the skills of these upcoming leaders of this technological society. The students hence find it much easier to recognize their disguised knacks and bring laurels to the college. Various inter-college competitions are also organized to make them a part of this technical society and to inculcate them with a zeal of contributing to the goodwill of humanity. Not only technical but the sociological and personal developments are given much substance to charismatise the overall personality of students here
